### Data Sharing

#### Summary Care Record (SCR)

As you are registering your child with this practice, we would like to recommend that you take advantage of the Summary Care Record (SCR). The Core SCR includes important information about your child's health: Medicines your child are taking, allergies they suffer from and any bad reactions to medicines.

You can also choose to have additional information included in your child's SCR, which can improve the care your child receives. This information includes: Your child's illnesses and health problems, operations and vaccinations they have had in the past, how they would like to be treated – such as where you would prefer your child to receive care; what support your child might need and who should be contacted for more information about them.

Your child may need to be treated by health and care professionals outside of the practice who do not know your child's medical history. Having the additional information SCR can help the staff involved in your child's care access information more quickly, allowing them to make informed decisions about their healthcare. More information can be found by visiting [www.nhscarerecords.nhs.uk](http://www.nhscarerecords.nhs.uk)

Tick this box if you wish to opt-in your child to the **Core SCR**

Tick this box if you wish to opt-in your child to the **Core and Additional SCR**

Tick this box if you wish to opt-out your child from the **SCR**

#### Medical Interoperability Gateway (MIG)

Whilst the SCR mentioned above shares a very small portion of your child's medical record across the whole NHS, the MIG shares a much broader view of their records but only with local NHS providers – and only when you give explicit consent at the point of care.

For more information please visit <https://healthcaregateway.co.uk/>

## Electronic Prescription Service (EPS)

You will be able to nominate a pharmacy to collect your child's prescriptions from. EPS enables prescribers, such as GP's and practice nurses, to send prescriptions electronically to a pharmacy of the patient's choice. This makes the prescribing and dispensing process more efficient and convenient for patients and staff. If you have already nominated a pharmacy, please tell us which pharmacy you have chosen. For further information about this service please talk to your pharmacist of choice.

### SUPPLEMENTARY QUESTIONS

#### **PATIENT DECLARATION for all patients who are not ordinarily resident in the UK**

Anybody in England can register with a GP practice and receive free medical care from that practice. However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK.

Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges.

More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

**You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.**

**The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.**

**Please tick one of the following boxes:**

- a)  I understand that I may need to pay for NHS treatment outside of the GP practice
- b)  I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested
- c)  I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

**A parent/guardian should complete the form on behalf of a child under 16.**
